

Doc-1

thedentalcard.com

Dear Raju Sir,

Please provide the cost for below Add-on requirements

Project :: The Dental Card

Add-on Requirements ::

1. Upon sign up , there will be only one plan will be available to select , which will be individual plan , rest plans are needed to be taken off
2. Some fixed benefits of the plan are needed to be added with the image of plan (text)
3. There is already a functionality running of Promo Code on the website – If any user uses a valid promo code than his/her membership will be coming as a corporate membership , and corporation name will be coming in blue border area on the top of the card
4. Need to remove Confirmation page which comes after filling up the form , so once user fills the sign up form and clicks submit he/she will be getting thank you message and sms will be sent.

Thank You

Project Name - The Dental Card

Doc-2

Dear Raju Sir ,

Kindly provide the cost for the below mentioned jobs over the website <http://thedentalcard.com>

1. Need to removed the Address fields coming over the page <http://thedentalcard.com/buycard.php>
2. Need to make the Age and E-mail Address field non mandatory
3. Need to Mobile number as the unique and master id to search the user in Admin panel , at the moment it is E-mail Address
4. Once we make the mobile number master id , only one user can register with one mobile number but when membership is expired , user can register again with the same number
Example :: if a user has taken membership of 1 year and his number is 971553366442 , than with-in one years time no new member can register with the provided mobile number but after the expiry of membership user can register again with the same number.

Thank You
Ashish
